## **LANGUAGES SPOKEN / WRITTEN**

English / French / Hebrew / Yiddish

## **VOLUNTEER WORK**

October 2001 – August 2002

University Community Legal Clinic (landlord tenant division) - *worked at intake – would hear ppl probs + them would help decide if the clinic was willing to take that person on as a client –allowed me to see the underdog – ppl in real positions of need – especially since the clinic is geared towards low income – helpless ppl made me feel justified in pursuing a law degree + made me want to help these ppl who didn't know from their rights – the vulnerability and helplessness in their eyes WAS profound*

September 2000 – May 2001:

University Helpline: inbound calls received from those in need of someone to talk to (30 hour training provided) -

September 1999 – May 2000:

University Students for Literacy: one-on-one literacy training for adults with grade 6 or lower literacy competence (training provided) – *trained 2 ppl one was 32 the other was 16 how to read- got involved with their personal lives – they trying to keep it a secret from friends + family – developed special bond still in touch with one of them today -*
